Advancing with the Spirit of Excellence

Founded in Jakarta 1996, Tripuri Group initially began as a travel company (PT Tripuri Wisata) with a specialization in Middle East routes for service workers and umrah/hajj travel. Realizing that there was a demand in the aviation industry for professional, cost-effective airline representations, we have now diversified our services and product offering to include General Sales Agent (GSA) for passengers and cargo, B2B ticket wholesaling, and broad tour and travel packages. By focusing on certain business segments, we have established ourselves as one of the leading players in the industry.

Vision

Be a great service provider to the airlines travel industry and help bring more travel to life.

Mission

Providing a seamless travel service experience for our partner airlines, sub-agents, and travelers through competitive fares and great hospitality.

Message from the CEO

The need for travel has become more present and prevalent than ever before. As business and society becomes more global and interconnected, travel needs to be done more efficiently and smoothly to go between places.

I am glad to see our company grow and progress for the past two decades, but there is more to be done; We remain fully committed to strengthening our capabilities and to further evolve our organization going forward.

I am confident that we can continue exceeding expectations of all stakeholders by always taking into account everyone's respective interests. We aim to be a travel services group that provides a positive impact to our society and encourages people to travel more. We look forward to your continued support.
